

Varun V Rao

Software Developer

I'm a dedicated learner in the realm of web development, actively acquiring proficiency in front-end and back-end technologies such as HTML, CSS, JavaScript, React, and Node.js. Simultaneously, I offer valuable experience in Salesforce, where I've honed skills in customization, data management, automation, and reporting to optimize business processes and enhance customer relationships. With a passion for technology and a commitment to growth, I am happy to blend my web development and Salesforce expertise to contribute to transformative projects that drive digital innovation and business excellence.
